

PLANNING POLICY

West Row Parish Council is mindful that it has an important role in relation to planning applications. It is a consultee in the planning process. Responses to those applications, must be within a specified time frame, usually 21 days. There is a need for transparency in this process.

This policy is written to explain how the council will deal with planning applications so enabling both council members and the public to involve themselves effectively with that process.

Responses to planning applications

These are usually sent out by West Suffolk Council Planning Department by email and are accompanied by a letter requesting that responses are received back within 21 days. This is to enable WSC to achieve the timetable set by government in relation to planning applications. It is often possible to ask the planning officer dealing with the planning application to give an extension to these 21 days – the outcome of this request though is dependent on planning committee dates and other information.

Dealing with applications at Parish Council meetings

Where possible, the Parish Council will consider planning applications at its Full Council meetings. The Clerk will circulate applications to Councillors as soon as they are received. These planning applications will be detailed on the agenda of the meeting. In the event of them being received after the closure of the agenda the Chair will be asked whether they are happy to allow the application to be considered at the meeting. As the Council is only offering comments, not making substantive decisions, it is considered appropriate that the application is not withheld from the meeting unnecessarily. Councillors should view all documents relating to an application online at the WSC website prior to the Council meeting, as hard copies are not available at meetings.

The Parish Council will consider applications in line with the West Suffolk Council Local Plan and the National Planning Policy Framework. This includes, but is not limited to: amenity, appearance of the development, conservation, design, effect on wildlife, highway safety, historic buildings, loss of light or privacy, noise, overshadowing of homes, traffic and parking issues. Issues which CANNOT be taken into account include: boundary disputes, construction noise, effect on property values, loss of view, private rights. Councillors can refer to the supplementary planning consideration sheet.

Dealing with applications outside of the Parish Council meeting

In the event of an application being received between meetings, and the dates clearly not fitting with meetings even with an extension, the Clerk will circulate the application to Councillors who will advise the Clerk of their comments on the application electronically within the 21-day consultation period. These comments should be copied to all Councillors. The Clerk will then respond to the planning department from the information provided, with the powers under S.101, Local Government Act 1972, authorising delegation to the Clerk.

In the event of an application being received from a member of the Parish Council, then the Clerk will endeavour to ensure that the application is not sent to that member. If a member becomes aware that they have a pecuniary interest in an application they should declare this by email to all members and should not participate in further email dialogue regarding the application and should be removed from 'reply all' emails on the application.

In some circumstances, such as developments of more than two dwellings; or where councillor's object to an application; or where objections have been received from parishioners within the 21-day consultation period, the Chair has the discretion to call an Extraordinary Meeting. Representations from members of the public received after the 21-day consultation period will not be considered, and a planning application consultee comment will not be re-considered unless there is compelling and relevant new information available.

The decision to call an additional meeting rest with the Chair, whose decision is final. In the event that the Chair has a pecuniary interest in an application, the above provisions for the decision to call an Extraordinary Meeting shall pass to the Vice Chair. As an additional meeting can only legally be called by the Chair, or by any two councillors signing the Summons, the Chair shall not withhold their permission to hold an additional meeting if advised by the Vice Chair that they feel a meeting should be called.

It is noted that West Suffolk Council Planning Committee has the final say on all applications, and the Parish Council is only one of many consultees.

Parishioners must write to WSC with their views on planning applications to ensure that they are received into the planning system, and it is helpful to the Parish Council if they send a copy of their representation to the Parish Clerk to help the Parish Council in formulating their response to applications. Parishioners should note that representations received to the Parish Council are not forwarded to WSC and are responsible for making their own submission to the formal planning process.

West Row Parish Council - Planning Considerations Help Sheet

PLANNING PERMISSION

What powers does West Row Parish Council have with respect to planning applications?

West Row Parish Council is consulted by the relevant Planning Authority (which is usually West Suffolk Council) on all planning applications. Any views expressed by the Parish Council will be taken into account by the Planning Authority before a decision is made, providing the points made are relevant to the determination of a planning application.

The final decision is made by the Planning Authority, **not** the Parish Council.

West Row Parish Council will only comment on what are known as “material considerations” – issues, for example, such as boundary disputes between neighbours or loss of views will not be considered.

Do parish councils grant planning permission?

- Town and parish councils are not Planning Authorities. Town and parish councils are only statutory consultees in the planning process.
- This means that they only have the right to be informed of planning applications within the parish.
- They cannot approve or reject planning applications.
- They can only comment on planning applications in the same way that individuals can comment.
- The local planning authority not the parish council governs the length of time taken to determine a planning application.
- A parish council can request that it be given extra time to comment on an application.
- The decision whether the application is granted rests solely with the planning authority and its own deadlines for decision-making.

How do parish councils comment on planning applications?

- Parish councils can only agree to comment on planning applications in properly called council or committee meetings, which the public can attend.
- A Parish Councillor who has a pecuniary interest in the application must make this known in the Declaration of Interests section of the meeting and will not discuss or take part in the discussion or comments for the application. (The Parish Councillor/s may be asked to leave whilst the application discussions are taking place.)
- The comments agreed in the council meeting are submitted in writing by the Parish Clerk to the relevant planning authority.
- Parish councils are statutory consultees and have no powers to approve or reject planning applications; they can only comment or not on applications.

Valid reasons for comment on a Planning Application

Comments that are clear, concise and accurate stand more chance of being accepted than those that are not. When planning applications are considered, the

following matters can all be relevant. These are sometimes referred to as ‘material planning considerations’:

- Central government policy and guidance - Acts, Circulars, Planning Policy Guidance Notes (PPGs) etc.
- The Development Plan - and any review of the Development Plan, which is underway.
- Adopted supplementary guidance - for example, village design statements, conservation area appraisals, car parking standards.
- Replies from statutory and non-statutory agencies (e.g., Environment Agency, Highways Authority).
- Representations from others - neighbours, amenity groups and other interested parties so long as they relate to land use matters.
- Effects on an area - this includes the character of an area, availability of infrastructure, density, over-development, layout, position, design and external appearance of buildings and landscaping
- The need to safeguard valuable resources such as good farmland or mineral reserves.
- Highway safety issues - such as traffic generation, road capacity, means of access, visibility, car parking and effects on pedestrians and cyclists.
- Public services - such as drainage and water supply
- Public proposals for using the same land
- Effects on individual buildings - such as overlooking, loss of light, overshadowing, visual intrusion, noise, disturbance and smell.
- Effects on a specially designated area or building - such as green belt, conservation areas, listed buildings, ancient monuments and areas of special scientific interest.
- Effects on existing tree cover and hedgerows.
- Nature conservation interests - such as protection of badgers, great crested newts etc.
- Public rights of way
- Flooding or pollution.
- Planning history of the site - including existing permissions and appeal decisions.
- A desire to retain or promote certain uses - such as playing fields, village shops and pubs.
- Need for the development - such as a petrol station
- Prevention of crime and disorder
- Presence of a hazardous substance directly associated with a development
- Human Rights Act
- Precedent - but only where it can be shown there would be a real danger that a proposal would inevitably lead to other inappropriate development (for example, isolated housing in the countryside)

Irrelevant reasons for objection

There are certain matters, which do not amount to ‘material planning considerations’ under current legislation and guidance. These matters cannot be taken into account in considering a planning application and should not be included in objections as they weaken your case:

- Speculation over future use
- The identity of the applicant or occupant
- Unfair competition
- Boundary disputes
- Breach of covenants and personal property rights, including personal (not Public) rights of way
- Loss of a private view
- Devaluation of property
- Other financial matters
- Matters controlled by other legislation - such as internal space standards for dwellings or fire prevention
- Religious or moral issues - such as betting shops and amusement arcades
- The fact that the applicant does not own the land to which the application relates
- The fact that an objector is a tenant of land where the development is proposed
- The fact that the development has already been carried out and the applicant is seeking to regularise the situation. People can carry out development at their own risk before getting planning permission)
- The developer's motives, record or reputation

Other Matters – “concerns and issues”

The person making a planning application has to provide enough information for the application to be determined. They do not have to provide every single detail before an application can be approved because certain matters can be resolved by way of conditions included as part of the permission.

Because of this, certain issues may not be considered as ‘objections’ but it is entirely reasonable for you to raise concerns on such issues and to ask to be kept informed before they are approved. These include:

- The proposed type and colour of the materials to be used
- The exact nature of any proposed planting or boundary treatment
